ANNOUNCEMENT

PROPERTY FLOOD RESILIENCE INDUSTRY TRAINING

DECEMBER 2021

SELF PACED E-LEARNING AND LIVE VIRTUAL DELIVERY

AN INDUSTRY COLLABORATION

Commissioned by the Environment Agency, delivered by CIWEM and designed in collaboration with six outstanding industry partners, this training provides clear approaches to the successful delivery of PFR measures in accordance with the Property Flood Resilience Code of Practice.

FOUNDATION TRAINING

[Apply for your FREE place: CLICK HERE](#)

100 free spaces available, proudly sponsored by the Environment Agency to encourage best practice among practitioners already working within the Property Flood Resilience Industry. Foundation Training is the pre-requisite for the technical training associated to each standard of the PFR Code of Practice and is a minimum technical requirement for the Environment Agency's new PFR Framework which will be tendered in spring 2022.
